Dear Sir:

**DECLARATION IN SUPPORT OF A
PETITION UNDER RULE 47**

I, Cort Flint, declare under penalty of law that the following facts are true and correct to the best of my knowledge and belief:

1) I am a duly appointed attorney of record in the above identified patent application;

2) I caused the priority application Serial No. 60/421,492; application PCT/US03/03391; and the present application U.S. Serial No. 10/531,332 to be filed on behalf of the inventors;

3) The application names three joint inventors, namely, Bernard M. McPheely; J. Bruce Cantrell, Jr.; and Michael S. O'Dea;

4) After the National Phase application, U.S. Serial No. 10/531,332, was filed a Notice of Missing Parts was subsequently issued by the Patent Office requiring a new Declaration identifying the parent International Application, PCT/US03/03391.

5) Accordingly, after receiving the Notice of Missing Parts, I contacted the inventors in order to have them file a new Declaration.

6) Inventors McPheely and Cantrell agreed to sign a new Declaration.

7) Inventor O'Dea refused to sign and in a telephone conversation with

Inventor O'Dea on or about November 11, 2005, Mr. O'Dea said that he would not sign the Declaration, that he would have to be sued before he would sign it.

8) Accordingly, after the refusal by inventor O'Dea this Declaration in support of a Petition to accept the subject application for filing and accorded a filing date was prepared.

I, Cort Flint, the undersigned, do hereby declare that all statements made herein of my own knowledge are true and that all statements made on information and belief are believed to be true; and further that these statements were made with the knowledge that willful false statements and the like so made are punishable by fine or imprisonment, or both, under 18 U.S.C. 1001 and that such willful false statements may jeopardize the validity of the application or any patent issued thereon.
